

Bermuda Series

- ✓ Attractive design
- ✓ Equipped with triangle lock, hinged lid and pivoted bag frame
- ✓ Self-extinguishing bin - the shape of the lid directs combustion gases, cuts off oxygen supply and extinguishes a fire
- ✓ The double and triple container lids are supported by gas shocks for safe handling of staff
- ✓ Stainless steel construction

These elegant indoor bins combine functionality and flexibility to create exceptional recycling and waste containers. The Bermuda Series bins are designed especially for terminals, retail facilities, hotels and other indoor environments. Material and color can be customized to fit the surroundings. Clearly marked openings guide the user to recycle different waste fractions into the right compartments of the bin.

Animal Resistant Container/Trash Can

- ✓ Secures garbage or recyclables safely making it resistant to bears, raccoons, dogs and other wildlife
- ✓ Meets ergonomic standards for health and safety
- ✓ Features an inside child safety release handle
- ✓ HDPE wheels with alloy tread make for easy handling allowing the container to be rolled to the curb side for pick-up
- ✓ Received a 3 Star Pass equivalent rating from the Grizzly Bear and Black Bear testing programs
- ✓ Comes with a 1 year warranty against manufacturing and workmanship defects

The 32 gallon bear, raccoon, dog and wild animal resistant containers are ideal for residential homes, cottages, farms and outside of offices. They are made from UV resistant High Density Polyethylene (HDPE) to withstand wear and tear under some of the most extreme weather conditions. Ships fully assembled.

The Shredinator

- ✓ Lockable container fits under desk or tight spaces
- ✓ Tamper proof lid for confidential disposal of documents
- ✓ Stops lazy tosses of confidential information
- ✓ Holds same volume of paper and more cost effective than traditional consoles
- ✓ Made with a minimum of 35% post consumer recycled content

This lockable document destruction bin is ideal for sensitive documents destined for the shredder. It is designed to fit in tight spaces, beside or under a desk or counter.

The Shredinator holds up to 60 lbs of paper and there is no bag required for easy collection. The completely removable lid is lockable and secure. Multiple units can use the same key for easy collection purposes. Shredder not included.

Accessories include a nylon bag ("Perfect Fit" nylon collection bags - 25"L x 36"H) for easy paper removal and additional keys.

Big Bottle Recycler

- ✓ Design is conducive for collecting of pop bottles and cans
- ✓ Label can be printed with any message
- ✓ 100% post consumer recycled content

The Big Bottle Recycler is ideal for use in large venue locations: stadiums, theme parks, theaters and tourist areas. It has an optional weight base for outdoor use and is made with high density plastic.

The label can be designed with any message or company logo desired. A 35 gallon receptacle bag secures around the upper lip of base. "Cans & Bottles Only" is embossed at bottle openings (front and back).

The Waste Watcher Recycling Station

- ✓ Clearly marked lids and labels ensure a quality sort of recyclables and allows easy expansion of your recycling program
- ✓ Made with a minimum of 35% post consumer recycled content
- ✓ Kit includes three bins and accessories
- ✓ Internal bag hooks keep bag hidden and ensures a tidy look

The perfect recycling station! Three, 27 inch/20 gallon containers each feature a different lid for your recyclables and waste. Create your own sign inserts (standard letter sized paper) or download a design from the manufacturer's website. The eye catching signs will inform people what should be disposed of in each bin.

Kit includes three, 27 inch tall gray recycling bins; one each lid - blue for cans and bottles, green for paper, and gray for waste; two connector kits; and three signs with access to download pre-designed sign inserts.

The Waste Watcher Recycling Station is perfect for childcare facilities, offices, sports facilities, home and more. Interested in making the station portable? Wheeled dollies are available.

The Battery Recycler

- ✓ Customized lid with hole for battery collection
- ✓ Lid opens and closes with one hand
- ✓ Positive snap lid
- ✓ Sturdy contoured handle
- ✓ Made with a minimum of 35% post consumer recycled content

The Battery Recycling Bin is a unique and innovative response to an environmental issue: disposing of batteries in the garbage. This unit comes with a lid with a battery hole opening that is easy to open and close. In addition, the container is the right size that it holds an adequate number of batteries, yet won't allow for it to become too heavy to move.

The Multi Recycler

- ✓ Stackable
- ✓ Easy to clean - dishwasher safe
- ✓ Slanted opening for easy access
- ✓ Optional wall brackets save floor space
- ✓ Made with a minimum of 35% post consumer recycled content

This sturdy, free standing, 6 gallon bin is an ideal recycling container for small spaces. Lightweight and space efficient, this bin has a slanted opening for easy access and a liquid retention reservoir to prevent residual liquids from making a mess. Using a unique patent pending design, this container stacks easily to create a multi-purpose recycling station that takes up little floor space. The evenly distributed stacking makes it completely balanced and stable.
