

www.VicenzaDesigns.com

Thank you for visiting the Vicenza® Designs booth at KBIS 2013. The response to our products, especially the new Fleur de Lis line of knobs, pulls and bath accessories, was overwhelming. As a result, we will be updating the catalog that you requested to include these new products. You will be receiving the new catalog and the information you requested within the next few weeks. Should you need product or dealership information immediately, please contact us directly at **800-932-2358** or visit **www.VicenzaDesigns.com**

Thank you for your interest in Vicenza® Designs and our handmade pewter products.
